

Fill it, Ship it, Recycle it. It's that simple.

The Role of the Solmetex Amalgam Bucket...

Since 2007, the ADA has recommended the use of an amalgam bucket through Best Management Practices (BMPs), meeting the requirements of the new EPA "Dental Rule".

The following items should be recycled in this bucket:

- Contact & Non-Contact Amalgam
- Amalgam Capsules
- Chair-side Traps
- Teeth with Amalgam
- Central Vacuum Traps / Filters

**Use this amalgam bucket to recycle all your amalgam waste.
Once it is full, please contact Solmetex for recycling procedures.**
