**PowerScrub Pallet Discount:** 1% Discount for full pallet.

- 90 per pallet intro kit—100 per pallet case kit

**Money back guarantee on PowerScrub Vacuum Line Cleaner Intro Kit only. Contact Customer service for returns. Paid directly to the end user with copy of dealer invoice and return of unused product and sidekick.**

**Bulk Sharps Container:**

20 Gallon System can accommodate the approximately the following sharp containers:

- 1 Quart Cont. / 8 -1 Gallon Cont. / 6 -5 Quart Cont. / 5 -2 Gallon Cont. / 3- 3 Gallon Container

**Photo Chemical Manual:** Non-Plumbed photochemical discharge

**Photo Chemical Automatic w/Wall Mount:** Plumbed photochemical discharge

**Photo Chemical California:** Several counties in California require that fixer be filtered AND developer be neutralized prior to discharge. Due to these regulations, we have developed a California-specific photochemical filtration service.

**NOTE:** Federal regulations prohibit the discharge of hazardous materials to surface waters. Septic systems are considered surface water dischargers. Therefore, facilities on septic systems cannot discharge any chemical waste down the drain—they must have their waste hauled away. They do NOT require our photochemical recovery unit. Have them contact a hazardous waste hauler to remove the photochemical waste.

**\*Items marked with an asterisk MUST be dropped shipped directly to the dental office/end user. All pricing is in US dollars only.**

**If you are outside of the United States, please contact Solmetex for pricing**

**Special selling considerations:**
